Need to Know!

Panama Canal

Cruising through the Panama Canal will be one of the unforgettable experiences of your voyage. It takes approximately eight hours to navigate the 50-mile waterway linking the Atlantic and Pacific Oceans, allowing you to experience firsthand one of the engineering marvels of the 20th century. Completed in 1914, the canal marks the culmination of a dream born in 1513, when Balboa became the first European to cross the Isthmus of Panama and sight the Pacific. In 1880 Ferdinand de Lesseps and the French Canal company, builders of the Suez Canal, began construction in Panama, only to be defeated by disease, staggering cost overruns, and massive engineering problems. The French sold their claim and properties to the United States for \$40 million, a staggering loss of \$247 million on their investment. The United States began construction in 1904, completing the project in 10 years at a cost of \$387 million. Building the canal meant solving three problems: engineering, sanitation, and organization. The project, for example, required carving a channel through the Continental Divide and creating the then-largest man-made lake ever built, as well as defeating yellow fever and other tropical maladies. The United States oversaw the operation of the Panama Canal until December 31, 1999, when the Republic of Panama assumed responsibility for the canal's administration. The Panamanian government controls the canal through the Panama Canal Authority, an independent government agency created for the purpose of managing the canal.

Help Us Protect Our Environment

We kindly ask all guests to assist in our ongoing efforts to conserve energy by keeping balcony doors and curtains closed when the air conditioning system is in use. A growing number of our environmentally conscious guests are also helping to reduce water and energy usage by avoiding leaving water running unnecessarily in their staterooms and ensuring balcony and ship's side doors are kept closed. We invite you to join them in supporting Princess' commitment to protecting our environment. Your cooperation makes a difference.

Planet Princess

Any environmental concern you may have that cannot be addressed by the ship can be directed to our Environmental Operations Department via the Environmental Hotline or by e-mail. Environmental Compliance Hotline, Dial CLEAN (25326) or 1-888-290-5105. <https://www.carnivalcompliance.com>.

Public Health Reminder

To help maintain a healthy environment, please wash your hands frequently and thoroughly with soap for at least 20 seconds, and rinse them well. We strongly recommend that you follow this procedure each time you use the restroom, after coughing or sneezing and before eating, drinking or smoking. Avoid touching your mouth. We also encourage you to use your private toilet facilities and not the public toilet unless absolutely necessary.

Today's TOP 3

VIBE

07:30pm & 09:30pm

Showtime: "Bennie and the rest"

Princess Theater, Deck 7

Jason Ostrowski captures the very essence of Sir Elton John in this tribute to the legendary artist. Spend an evening reliving the hits of the Rocket Man in this musically energetic show. Kenny Passarelli, Elton's former bassist said, "Jason captures the energy, the phrasing, watching him reminded me of seeing Elton on stage".

PALATE

Deluxe Balcony Breakfast for Two Sign Ups*
