Security Screening

All guests returning to the ship are required to undergo security screening. Objects containing metal, including mobile phones, cameras, binoculars, reading glass cases, large belt buckles, batteries, electrical devices, etc., will set off the walk-through metal detector and delay boarding. These items must be deposited in the provided trays prior to passing through the metal detector. Guests with surgical metal implants, significant quantities of metal jewelry, metal shoe stays, etc., may be subject to additional screening, such as a hand-held metal detector or "Pat Search."

Gangway Alcohol Collection

Alcoholic beverages that are purchased at ports of call or duty-free from The Shops of Princess will be collected for safekeeping and delivered to the guest's stateroom on the last day of the cruise. A member of the ship's staff will be at the gangway to assist guests with the storage of their shoreside alcoholic purchases while our retail staff will assist guests with shipboard alcoholic purchases.

**Princess is not responsible for any alcoholic beverages confiscated by shoreside security staff. Such items are not eligible for monetary refund or replacement.*

Cartagena

One of the more interesting cities on your itinerary steeped in history. This was the transit port for all the wealth Spain derived from South America. The famous "Old City" is comprised of 12 square blocks filled with attractions, boutiques and restaurants. Throughout Colombia, the Spanish Empire's influence in the New World is self-evident. Its fortress walls, quaint narrow streets, and balconied houses are all vivid reminders of Spain's hold on Cartagena and throughout the Caribbean and South America. This is the land of El Dorado and flamboyant adventurers in search of the ever-elusive gold. Cartagena's well-constructed fortifications defended its borders against seafaring pirates whose attacks lasted for more than 200 years. Today this modern and bustling city, seaport, and commercial center still boasts much of its original colonial architecture. Your journey here will provide you with a significant link to the region's grand past.
