Credit/Debit Card Holds

Holds are placed on your credit or debit card throughout the vacation period to guarantee that funds are available. Your bank does not actually release any funds to us. At the end of the trip, your onboard spending will be paid in a single transaction, and the holds will be released. The amount of time these holds remain on your credit or debit account varies per bank. Most banks transfer payments within 5 to 7 business days; but, when using a debit card, pre-authorization holds may remain on your account for longer; consequently, we recommend using a credit card whenever feasible.
