### Credit/Debit Card Holds

Holds are placed on your credit or debit card throughout the vacation period to guarantee that funds are available. Your bank does not actually release any funds to us. At the end of the trip, your onboard spending will be paid in a single transaction, and the holds will be released. The amount of time these holds remain on your credit or debit account varies per bank. Most banks transfer payments within 5 to 7 business days; but, when using a debit card, pre-authorization holds may remain on your account for longer; consequently, we recommend using a credit card whenever feasible.

### Deck & Sun Loungers

As a courtesy to your fellow guests please be advised that sun loungers must not be reserved and that towels and personal items will be removed by a Princess staff member if the lounge has not been occupied.

### Planet Princess

Any environmental concern you may have that cannot be addressed by the ship can be directed to our Environmental Operations Department via the Environmental Hotline or by e-mail. Environmental Compliance Hotline, Dial CLEAN (25326) or 1-888-290-5105. <https://www.carnivalcompliance.com>.

## \*Princess New Cruiser Tips\*

For more information regarding each specific daily activity check JourneyView on your Princess Application or the portals throughout the ship. Select the event and a description will appear. Make sure to scroll both vertically and horizontally on the portal screens so that you don't miss any listed events!

## Public Health Reminder

To help maintain a healthy environment, please wash your hands frequently and thoroughly with soap for at least 20 seconds, and rinse them well. We strongly recommend that you follow this procedure each time you use the restroom, after coughing or sneezing and before eating, drinking or smoking. Avoid touching your mouth. We also encourage you to use your private toilet facilities and not the public toilet unless absolutely necessary.

## Toilet System/Vacuum System

Coral Princess, as all modern cruise ships, is equipped with an EVAC toilet system that uses the vacuum pump principle. The system is very reliable, but the pipe work is much smaller than those ashore and is sensitive to foreign objects and large amounts of toilet paper. In order to avoid blockages and subsequent inconvenience to guests, please place any foreign objects in the waste bins and sanitary bags provided.
