Gangway Alcohol Collection

Alcoholic beverages that are purchased at ports of call or duty-free from The Shops of Princess will be collected for safekeeping and delivered to the guest's stateroom on the last day of the cruise. A member of the ship's staff will be at the gangway to assist guests with the storage of their shoreside alcoholic purchases while our retail staff will assist guests with shipboard alcoholic purchases.

**Princess is not responsible for any alcoholic beverages confiscated by shoreside security staff. Such items are not eligible for monetary refund or replacement.*

Agricultural Notice

Local authority rules stipulate that no food, no flowers, no seeds or beverage products except water are to be taken off the ship in port to avoid a fine. Please consume these items onboard before proceeding ashore.

For assistance shoreside, contact the port agent:

Mr. Bryan Ortiz Diaz
Puntarenas, Costa Rica
Email: bortiz@ha-logix.com
Phone: +506 2284 9120

Need to Know!

Arrival: Approx. 06:00am

All Aboard: 05:30pm

We know you're eager and excited to start exploring in port – we are too! However, please wait until we announce that the gangways are open before heading that way. We promise to disembark you as soon as we can!

Time Change

Ship's clocks will be set one hour forward at 02:00am between Friday night, 27th December and Saturday morning, 28th December.

Important Notification

When traveling ashore, please bring your Ocean Medallion™ and a Government-Issued Photo ID with you. Please take extra precaution with your personal belongings when going ashore.

Crew Emergency Drill

At approximately 09:45am today, alarms will be sounded, and broadcasts made as the Crew are exercised in their emergency duties. No action is required from our Guests. During this exercise, limited guest services will be provided.

Electrical Safety Test

Please be advised that today at approximately 10:00am our technical teams will be carrying out important electrical safety tests which will last approximately 30 minutes.

During the tests, there will be a brief interruption to the ship's emergency lighting as our backup generators are tested. The operation of the ship's elevators will be impacted during the tests and will be out of use for approximately 5 minutes. Announcements will be made prior to the commencement of these important safety tests and again upon completion. Thank you for your understanding.

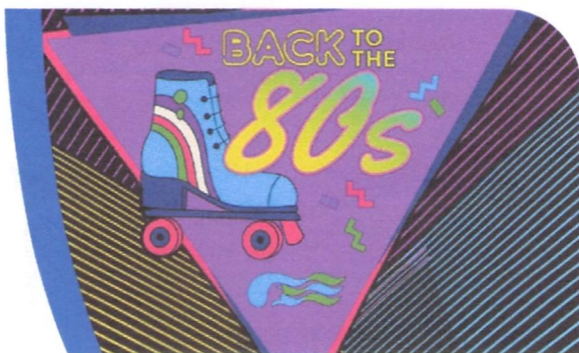

Puntarenas

To Spanish explorers, the rumors of gold and vast riches could only mean that this section of Central America was the costa rica – the "Rich Coast." Hailed as the Switzerland of the Americas, Costa Rica occupies a unique position, lying between two oceans and two continents. On both coasts, tropical rainforests rise to the mountains of the interior, many of which soar over 13,000 feet above sea level. In the west, a seemingly endless succession of brown-sand beaches forms the nation's Pacific coast. Puntarenas is your gateway to Costa Rica's wonders – and to its capital city of San Jose.

Security Screening

All guests returning to the ship are required to undergo security screening. Objects containing metal, including mobile phones, cameras, binoculars, reading glass cases, large belt buckles, batteries, electrical devices, etc., will set off the walk-through metal detector and delay boarding. These items must be deposited in the provided trays prior to passing through the metal detector. Guests with surgical metal implants, significant quantities of metal jewelry, metal shoe stays, etc., may be subject to additional screening, such as a hand-held metal detector or "Pat Search."
