MANDATORY SAFETY EMERGENCY DRILL

In order to cruise all guests are required to participate in the safety drill as required by maritime law. The safety drill consists of two steps, visiting the assigned assembly station and watching the safety video. Immediately upon embarking guests are asked to first go to their assembly station following the letter indicated on the boarding pass. Here the boarding pass will be scanned to confirm participation and crew members will be available to answer any questions. **The video must be watched by all guests on embarkation day through the MSC for Me app or Cabin TV.** Cruise cards will not be active for purchases until you have checked-in at your assembly station.
